

Skip Hire Delivery Guidelines

- 1.** The customer must ensure that the skip is sited on private property that has the permission of the landowner. Skips will not be placed on public property without a valid permit from the relevant council. Please note if a permit is refused by the council, this cost is non-refundable.
- 2.** Skips cannot be sited on grassed areas where the vehicle must drive across or place legs onto a grassed area. The delivery vehicles will not place legs onto council land and footpaths other than the highway.
- 3.** The Waste Brokerage Company will take no responsibility for any damage to a customer's premises or manholes if the ground or site is not suitable for a HGV Vehicle or capable of carrying the weight of a HGV Vehicle.
- 4.** Placing skips on block paving, slabbed driveways, soft and unlevel ground is NOT advisable and is done so at the customer's risk. A written disclaimer will be required, should you (the customer) require our skips to be dropped on surfaces that are likely to become damaged.
- 5.** The delivery vehicles will not access any sites over a raised kerb and our drivers will not deliver skips where we are required to lift over walls, fences, hedges or any other obstacle, no matter how high. A written disclaimer will be required, should you (the customer) require our skips to be lifted over any obstacle that is likely to become damaged.
- 6.** As standard domestic skips will come with 1 week hire and commercial skips come with up to 4-weeks hire. We reserve the right to apply a rental charge on slow moving skips after 28 days. Rental charge will be charged starting £5 + VAT per day depending on what area you are based.
- 7.** The hirer shall ensure from the time that the skip is deposited until it is picked up again by the owner;
(a) It is properly sited in accordance with the permission given. (b) It is properly coned and lighted during the hours of darkness (c) No fires are lit in it. (d) It is filled no higher than the top of the sides. (e) It suffers no damage except fair wear and tear. (f) It is covered by insurance against theft and damage. (g) It is not loaded in excess of its Safe Working Load of 6 tons.
- 8.** The following [hazardous](#) items are not permitted in a general skip; asbestos, oily waste, fridges and freezers, pressurized gas bottles, TVs or computer monitors, fluorescent tubes, tyres or liquids. The list is not exhaustive and if you are unsure, please contact the office on 01733 215333.
- 9.** All skips must be level loaded only. N.B: Inert waste skips to be filled to the lowest lip of the skip. The legal weight limit for an 8-yard inert waste skip is 8 tonnes. 20-yard inert skips are to be no more than three quarters full. Overfilled skips are charged.
- 10.** The Maximum Gross Weight of a 4-wheeled skip lorry is 18 tonnes, and the Maximum Gross Weight of 8-wheeled RORO vehicles is 32 tonnes.
- 11.** All skips are manufactured from steel components. Skip doors are often large and heavy. Caution should be taken
- 12.** Wasted journey charges may apply if we cannot deliver or collect as agreed. To avoid this, please make sure access is clear for both delivery and collection. Also make sure the skip is level loaded as we cannot collect an overfilled skip. If you are unsure, please send us a photo before organising collection.
- 13.** Please ensure there is enough space for access purposes. A typical delivery vehicle will require a clearance of 2.9m wide.

14. Cancellations within 48hrs of the delivery date will incur a £15 cancellation fee. Alternatively, you can reschedule to a different date free of charge if delivery has not been attempted.

15. Due to new government regulations we cannot accept the following in your skip.

- Sofas
- Sofa beds
- Armchairs
- Kitchen and dining room chairs
- Stools and foot stools
- Home office chairs
- Futons
- Bean bags, floor and sofa cushions

This includes any part made of or containing leather, synthetic leather, other fabric, or foam.
